HMP+2.5- SQUARE-4-613 2 ½" sash pulley square face, 4 hole US10B

(Use -R suffix for Rope pulley Wheel)

Introducing our new Multi Configurable sash pulleys. Designed to accommodate custom finishing of face plates and pulley wheels. Our new pulley is perfect for your next restoration project. If one of our standard pulley faces do not match the one on your project we can make one that does. Pulley wheels for rope or chain with our standard sealed ball bearings.
